COACHING is the skill of the 21st century. It is an essential skill, as at its core is the ability to tap the capacity of each individual. Coaching is more than being a helper. Coaching promotes stretching both the individual and the team to reach its potential. It is a journey that never ends. It is creating the reality you want for your sales team. It is being a servant, a performance leader, a catalyst, and a communicator, all rolled into one. And, it is not easy.

WHAT IS THE CATALYST⁵ COACH WORKSHOP?

CATALYST⁵ COACH is a dynamic two-day workshop, designed to help those who fulfill the role of sales coaches, whether they be executives, managers, or team leaders become catalysts of positive change. Catalyst⁵ COACH is the first of three workshops of the **Catalyst⁵** Leadership Excellence system.

Through active involvement in the workshop, participants will:

- Practice the critical communications skills of effective sales leaders.
- Apply the key skills of REFLECTIVE LISTENING, STRATEGIC QUESTIONING, ENCOURAGING, and CHALLENGING as the focal point of working with their people.
- Develop practices to continually reward and bring out the best in others.
- Create a process for collaboration through the four practices of Focus Coaching: On-the-Spot Coaching, SalesCall Observation, Results 1on1s, and Strategy Reviews. These implementation strategies form the foundation to bring the skills to life and to drive performance improvement. Focus Coaching ensures win-win outcomes, and builds trust and value in the coaching relationship.

The Catalyst⁵ COACH workshop is dynamic, employing video, experiential exercises, and a variety of activities to promote learning and application to the job.
